2	It looks a cozy and friendly environment	11/16/2022 4:13 PM
3	Drop offs continue to be a challenge given the chaotic state the toddler room always seems to be in. It is evident that many of the children are not settled. It seems like there is a new staff member in the toddler room every day that I don't recognize. Consistent, competent staff would help the children develop trusting relationships and feel feel more safe and secure.	11/15/2022 11:54 AM

1	I believe they are but I don't get enough information just at pickup to be able to have a good understanding of this. I would really love to hear more about what my son is doing in the day.	11/16/2022 10:01 PM
2	Agree, however I would like to hear more about the activities the kids do in a day. I believe they are doing activities that align with their interest but I actually don't know enough from just pick up and drop offs about what they do in a day to answer this.	11/16/2022 9:41 PM
3	We're always thrilled to hear about the adventures and activities of the day.	11/14/2022 9:13 PM

5	Kristen creates activities that are geared toward the children's interests.	11/14/2022 12:36 PM
6	I am amazed at the activities that the children experience in a day. The ECE's do a great job at coordinating diverse experiences each day.	11/7/2022 11:47 AM
7	Absolutely, and they can do this because they truly know my child. Educators from other programs also seem to know my child and just genuinely enjoy him, whether he is having a good day or a "bad" day. He is comfortable in saying "I don't like this" and they are receptive.	11/3/2022 12:05 PM
8	I believe so. It may be helpful to know more about the activities the children do/if there are themes they cover (ie. learning about specific things, how often they do crafts, do reading etc	11/3/2022 9:52 AM
9	Even when my son was in infant program he did lots of messy arts and crafts	11/2/2022 8:07 PM
10	I would love to see more updates and photos on the activities.	11/2/2022 12:49 PM

11 I'd love to hear more about learning experiences, games, and activities they do in class. I realize time is limited but a general plan would be good for me to know what skills they are working on. For example, till the end of the summer, I didn't know they go to the gym in St. Marth school. I noticed my son is talking a lot about it but I thought he was referring to stories, books, and his cartoons, not his actual experience.

7	I think there is less academic activities in the preschool program compared to other programs, but I am not necessarily unhappy about this. I think children will learn to hold a pen and recite their alphabet in JK, but a head start isn't a bad thing either. I'm on the fence about whether pre-schoolers should have academic work and is probably case-by-case. I do wish that naps would be phased out in the early summer for the graduating kids that will be starting school in September so that they are used to staying awake during the day.	11/3/2022 12:05 PM

Q9 How can we help families develop a sense of belonging to their child care program and become active partners in their child's care and early learning?

1	The center has been so accommodating and welcoming! The only thing I would say is that I would love to know what interests they're seeing in my child, what observations they may have about how they interact and what activities they do day to day.	11/16/2022 10:11 PM
2	Providing some more feedbacks about the children days, friendships and activities	11/16/2022 4:15 PM
3	We are happy with how we as parents connect with the preschool teachers. Removing the covid barriers (e.g. the front entrance table) has really helped in getting to know the educators and being able to communicate with them and get to know them. While we know there is a preschool curriculum and we can tell it's very good, because we see the results in our child, it might be nice to get an idea of what it is, so we know what our child is learning weekly. We get some idea through casual conversations though.	11/16/2022 2:29 PM
4	Daily updates and photos	11/16/2022 12:14 PM
5	I think the daycare is doing the best it can at this point with covid to try and engage parents with our pictures, update on the app and sharing about our children's day. I really appreciate these and look forward to the day we are able to actually come into the space and see where our children are learning !	11/15/2022 8:40 PM
6	Share information regarding staffing changes and perhaps provide a brief introduction on their experience/qualifications working in childcare. It would help me feel more involved if I knew more about the people I am trusting my daughter with ~40 hours/week.	11/15/2022 12:11 PM
7	Share with parents what you are working on with our children.	11/15/2022 9:47 AM

9	you've done good.	11/15/2022 9:30 AM
10	It would be great to have some in class time with the kids. I'd love to see how my boys interact with the other kids. Like a parent/ student hour or something ?	11/15/2022 9:19 AM
11	Keep communicating and sending pictures of children's weekly activity.	11/15/2022 4:20 AM
12	We would like daily logs and reports. This has been non existent. The sandbox system does not work as we do not receive any updates regarding our child's day, diet, or development.	11/14/2022 10:21 PM
13	Communication needs to be improved - as parents we do not feel there is sufficient communication from the top, we are not notified of staff changes, program changes and routines, CWELCC program etc.	11/14/2022 9:05 PM
14	More photos and take home crafts	11/14/2022 6:50 PM

21	Perhaps invite us to some sort of activity that includes all the children during the day	11/8/2022 7:31 AM

	sometime?	
22	Continue with daily updates on the infant and toddler rooms, communication daily with parents, and opportunities for parents to be more updated if needed	11/5/2022 7:38 PM
23	It would be really nice to get an idea or showcase what skills they are developing or working on for each toddler as I know each of their development is unique. This will also help encourage further development at home if we can align with what the daycare is teaching. We'd love to be aware of some of the new skills she is picking up on in daycare to be able to work with her on them.	11/3/2022 3:17 PM
24	More updates from preschool teachers!	11/3/2022 1:51 PM
25	Open a before/ after school program so my other child can benefit from this amazing environment and my one in the program now can stay! :)	11/3/2022 12:11 PM
26	Parent teacher night? Is that a thing?	11/3/2022 9:53 AM
27	Would be nice to be able to know more about the other kids there, and who my child likes to play with and connect with the parents	11/2/2022 8:09 PM
28	Increased face to face communication with child care staff. When we were in both infant and toddler groups I felt this was well done. I don't feel the pre-school group does this as well.	11/2/2022 4:06 PM
29	Already feel involved in my daughters development, activities and pictures showing them participating in the updates are great for me to see how she's developing	11/2/2022 1:54 PM
30	increase feedback communication. it can be digital instead of burdening staff with daily oral reports	11/2/2022 12:54 PM
31	I would recommend using the sandbox app more often. Showing what the kids are learning etc	11/2/2022 12:50 PM
32	I love to have an open play hour that parents can attend volunteer, help teachers and get to see what a day in daycare looks like.	11/2/2022 12:50 PM
33	More reporting on daily activities pertaining to learning, milestones etc.	11/2/2022 12:50 PM
34	More communication between teachers and parents, perhaps more updates on what their child does in a day, photos or monthly check ins.	11/2/2022 12:24 PM

1	Sometimes it takes a while to get responses on the sandbox and childcare is hard to pick up the phone, making quick communication harder.	11/16/2022 4:15 PM
2	The communications method works for us well enough.	11/16/2022 2:29 PM
3	It would be much more effective to be able to pay invoices online with a credit card. Receiving an email that doesn't allow for immediate action or a printed piece of paper in my daughters cubby which I may or may not notice at pickup isn't the most effective way to communicate invoices.	11/15/2022 12:11 PM
4	I would like to get more regular invoices. I would love to be able to pay via EFT	11/15/2022 9:21 AM
5	For invoicing, it would be preferred to have an email delivered the first of the month regarding the exact dollar amount. The rest of the communication is acceptable via email. As stated earlier, we do not receive any updates regarding our child's day on sandbox, or via email. This is not ideal.	11/14/2022 10:21 PM
6	Staff so great with quick communication at pickup. I like the emails and invoices through email.	11/14/2022 7:24 PM
7	Invoices should go out on either the first day of the month, or the last day. Costs vary each month so a heads-up would be helpful.	11/14/2022 5:50 PM
8	I feel that email updates about the daycare centre are sufficient. However, it would be helpful to receive reminders of how much is owed each month. I have not been aware of any special events, except the United Way campaign.	11/7/2022 11:52 AM

9	Love the invoice being emailed to me monthly	11/5/2022 7:38 PM
10	It would be great to see more communication/transparency around the child care subsidy program as I know this is very significant to parents and any type of communication would be helpful and appreciated to keep us in the loop.	11/3/2022 3:17 PM
11	Would love to be able to pay online and with a credit card.	11/3/2022 12:11 PM
12	Not a fan of the app. Find it too difficult to locate and hard to navigate.	11/2/2022 4:32 PM
13	I prefer direct emails.	11/2/2022 4:06 PM
14	invoices currently do not include a due date. A date should be clearly labeled to avoid confusion or burden staff with reminder calls/emails.	11/2/2022 12:54 PM
15	I'd love to get a copy of the food plan and announcements for the month on the sandbox app or through email. My husband does pick up and drop off and sometimes he misses the announcements on the walls :)	11/2/2022 12:50 PM
16	Challenges with sandbox app at times, glitching. Would love email invoices and options to e-transfer	11/2/2022 11:56 AM
17	Online options for payment would be very helpful for lots of parents. Quick and easier way to make monthly payments and on time.	11/2/2022 11:54 AM
18	Please setup Sandbox to accept payment - it can take me a full week to make a payment. It would save everyone time and I would be able to pay faster.	11/2/2022 11:53 AM
19	It would be nice to be able to do e-transfers for payment	11/2/2022 11:52 AM

1	We are very pleased and thankful for the warm and supportive environment that our child receives at Collins Bay. It really is part of our family!	11/16/2022 2:30 PM

3	If there is a program to see some pictures showing how are the kids behave at school, that would be even better.	11/15/2022 9:31 AM
4	Payment via EFT/ email would help timely payments. I am a late pick up and there is rarely anyone available to process my debit payment.	11/15/2022 9:21 AM
5	Thank you!	11/14/2022 9:10 PM
6	Please reconsider alternative methods of payments for fees that are already present at most other daycares - e-transfer in particular	11/14/2022 9:07 PM

21	Online payments or e-transfers for monthly payments highly recommend!	11/2/2022 11:55 AM
22	There's needs to be a better payment system. No one writes Cheques anymore. You need an e transfer option.	11/2/2022 11:53 AM
